

Sinclair stations use public airwaves free of charge, and are required by law to serve the public interest. One-sided programs as so called "documentaries", like "Stolen Honor", do not serve the public interest and are harmful to our democracy. Our country is already divided enough, we don't need more hate and lies on television in the name of fair and honest journalism. Please order Sinclair stations to not air "Stolen Honor," or if you allow it, then, please be sure to order Sinclair to air a pro-Kerry program or "documentary" like "Going Upriver" shortly after. To allow "Stolen Honor" to air unchallenged is Un-American and against the ideals we hold o dear.
Thank you.
